# 605.201
Introduction to Programming Using Java
Assignment 1

Write a Java program that displays the following output:

```
                           Terminal - Vostro-200Ubuntu: Code          —  +  ×
 File   Edit   View   Terminal   Tabs   Help

MM    MM Y    Y        J     A     V     V      A
M MMM M  Y  Y          J    A A     V   V     A A
M  M  M    Y       J   J   AAAAA     V V     AAAAA
M     M    Y        J J   A     A     V      A     A

U      U SSSSS   IIIIIII N      N  GGGG
U      U S          I     NN     N  G
U      U  SS        I     N N    N  G GGGG
 U   U      S       I     N  N   N  G    G
  UUU     SSSS    IIIII  N      NN  GGGGGG

TTTTTTT EEEEEE RRRRR  MM    MM IIIIIII N      N    A     L
   T    E      R    R M MMM M    I     NN     N   A A    L
   T    EEEEE  RRRRRR M  M  M    I     N N    N  AAAAA   L
   T    E      R    R M  M  M    I     N  N   N A     A    A  L
   T    EEEEEE R    R M      M  IIIII  N     N N A         A LLLLLL
```

Replacing "TERMINAL" with the tool you used to create your program (examples: DR JAVA, ECLIPSE, NETBEANS, TERMINAL) using the same style of lettering.

Submit the source code and screen shot of the program output in a zip file named as follows: Assignment1 followed by an underscore (_) followed by your first name initial, followed by your last name, followed by your course section number. For example, if your name is Jane Smith and you are in section 81 your zip file would be *Assignment1_jsmith81.zip*.
